The Assistant General Counsel

Study of Hazardous Pay

Section 803 of the Classification Act of 1949 directs that the Civil Service Commission make a study of the problem of additional compensation for hazardous employments and submit a report to Congress on this subject. As this is a subject which has been discussed informally in the Agency for a long time, it is suggested that the Personnel Director take steps to establish a CIA position on this problem, which either CIA or the Civil Service Commission can submit to the Congress at the appropriate time.
